

ANNUAL REPORT 2018-2019

Dear Friend and Supporter,

Since 1992, more than 58,000 children have walked through the doors of Alliance For Children as part of their child abuse investigation. Our dedicated team delves into the very worst cases of child abuse in Tarrant County, including child sexual abuse, child sex trafficking, child pornography, severe child physical abuse, medical child abuse, child fatalities, and witness to violent crimes, including homicides of both adults and children alike. This fiscal year, 2,564 children were served by our talented and compassionate team.

As our community continues to grow rapidly, not only are we seeing an increase in the number of cases here in our community but also an increase in the severity of abuse. We are planning today for how we will continue to protect children in our growing communities in the future.

As parents, we are both committed to a childhood free from abuse for all of Tarrant County's children. We believe there is a path that will lead to reducing the number of children who need the services of Alliance For Children and the multidisciplinary team. That being said, the only strategy achieving success for our children will take all of us working collaboratively with a unified message and coordinated effort. This is playing the long game and will take galvanized partnerships, but our children are worth it.

Until then, we stand with the children who need us. We stand with the protective parents who aim to create resiliency in their homes post abuse. We stand with this community upholding a vision of protection and healing for all. Thank you for your belief in our work and, more importantly, in our children. Your unwavering support in these young lives makes their healing possible.

In service,

Tom Stallings, Board President

We **rescue hope** through a team of experts investigating criminal and civil allegations of child abuse. We **restore trust** through investigations that provide safety and healing. We **rebuild lives** with tools that help children move beyond victimization and ensure that abuse will not define them.

"First experience with the Center. I'm comforted to know these services exist for kids and families in crisis.

The ambiance of the establishment, the sincerity and kindness of the staff, the entire experience was so much more warm and welcoming than we expected. It was truly great. I believe

Alliance For Children provides a very safe and child-oriented environment, and meets every need for the families that they work with.

No matter how unfortunate the circumstances, I was very grateful for their help."

– Words from a caregiver recently served by Alliance For Children

hours donated
by volunteers.

Alliance For Children is committed to providing high quality **prevention education** in our community. All of our educational and community outreach is designed to empower adults and children to prevent child abuse. Our team of educators believe that, through prevention, we can raise awareness of the issue of child abuse and lessen the number of victims in Tarrant County.
