

EVER CARING CONNECTION

**ALLIANCE
FOR CHILDREN**
A Children's Advocacy Center

It takes a community

Help bring healing to children
impacted by child abuse.

Community connection is essential for bringing awareness to the needs of the children and families served by Alliance For Children. Your support can mitigate stress and accelerate healing as our families navigate this process. By participating in our **Ever Caring Connection program**, you will receive periodic notifications of high priority needs of children living in our community who have been impacted by abuse. Thank you for considering supporting this need.
